

How can I make my Christmas Jumper Day a Success in 2020?

With the current restrictions in some parts of the country and the ever changing situation with Covid-19, Christmas Jumper Day might look a little different this year so we are suggesting that you set up a page with Just Giving to collect donations. Just go to the link below and click on Start Fundraising.

Working from Home

If you usually have a Jumper Day in your workplace, but lots of people are working from home, then you could **have a online get together** to show off your festive knitwear and catch up with colleagues. Then simply send round your fundraising page link to ask for donations.

Fundraising at School

We know that some schools and nurseries are not allowing cash to be brought in at the moment—but you can still take part—and there are **loads of ways to share your online fundraising page!** Most schools have a way of sending out online learning so ask if you can post about what you are doing there, send out the link by email or share it on the Facebook page.

Handling Cash

If people are still happy to donate cash then that is fine too. They can pop their donations in the collection box provided with your Pack. Just don't forget to wash your hands after handling the cash

If you need any advice then we are happy to help—just email us at fundraising@smauk.org.uk. **Thank you for your support!**
